

KENWICK FOOTBALL CLUB

Smoke Free Policy

RATIONALE

The Kenwick Football Club recognised that passive smoking (inhaling second-hand smoke) is hazardous to health and that non-smokers should be protected from tobacco smoke. Passive smoking can lead to other serious illnesses such as bronchitis, lung cancer, cardiovascular disease, and chest illnesses in children.

Accordingly the following policy has been developed by Kenwick F.C. to help protect people's health.

The move to go Smoke Free also complements the Kenwick F.C.'s desire to create a healthy family friendly environment. The Kenwick F.C. believes that such an environment and image will be advantageous in attracting new members and positively promoting the club in the community.

Legislation and the legal duty of care also provide reasons to have a Smoke Free club. Under common law the Kenwick F.C. has a legal duty of care to ensure that employees, volunteers, players and officials are not exposed to potentially harmful situations. The Occupational Health and Safety Act also stipulates that employees and working volunteers must have a safe environment to work in. Victorian Smoke Free dining legislation also states that enclosed dining areas must be Smoke Free.

WHO IS AFFECTED BY THE POLICY

This policy applies to all members, administrators, officials, coaches, players and visitors of the Kenwick F.C.

TIMING

This policy is effective from / / 20
